

# AP Computer Science Review Day 3 (During Junior Internships)

## Tasks for the day

### Part 1 (30 minutes) (in Lab)

Please find your way to the [Java Review](#) page and do the following exercises:

- 1) Arrays – [Easy Multiple Choice](#) then [Medium Multiple Choice](#)
- 2) List and ArrayList – [Easy Multiple Choice](#) then [Medium Multiple Choice](#)

### Part 2 (30 minutes) (in Class)

Work on Practice Exam

### Part 3 (30 minutes) (in Class and Lab)

Take quiz and then go to the lab to work on CodingBat exercises

## Array Traversal #4

Example: Return a String that has all of the Strings in the array concatenated.

```
public String concatenate(ArrayList <String> theList)
{

}
}
```
